VOLUME CVII.--NO. 230. ALEXANDRIA, VA., MONDAY EVENING, SEPTEMBER 24, 1906. PRICE 2 CENTS.

Are You Tired, Nervous and Sleepless?

Nervousness and sleeplessness are usually due to the fact that the nerves are not fed on properly nourishing blood; they are *starved* nerves. Dr. Pierce's Golden Medical Discovery *makes pure, rich blood*, and thereby the nerves are properly nourished and all the organs of the body are run as smoothly as machinery which runs in oil. In this way you feel clean, strong and strenuous—you are toned up and invigorated, and you are good for a whole lot of physical or mental work. Best of all, the strength and increase in vitality and health are *lasting*.

The trouble with most tonics and medicines which have a large, booming sale for a short time, is that they are largely composed of alcohol holding the drugs in solution. This alcohol shrinks up the red blood corpuscles, and in the long run greatly injures the system. One may feel exhilarated and better for the time being, yet in the end weakened and with vitality decreased. Dr. Pierce's Golden Medical Discovery contains no alcohol. Every bottle of it bears upon its wrapper *The Badge of Honesty*, in a full list of all its several ingredients. For the druggist to offer you something he claims is "just as good" is to insult your intelligence.

Every ingredient entering into the world-famed "Golden Medical Discovery" has the unanimous approval and endorsement of the leading medical authorities of all the several schools of practice. No other medicine sold through druggists for like purposes has any such endorsement.

The "Golden Medical Discovery" not only produces all the good effects to be obtained from the use of Golden Seal root, in all stomach, liver and bowel troubles, as in dyspepsia, biliousness, constipation, ulceration of stomach and bowels and kindred ailments, but the Golden Seal root used in its compounding is greatly enhanced in its curative action by other ingredients such as Stone root, Black Cherrybark, Bloodroot, Mandrake root and chemically pure triple-refined glycerine.

"The Common Sense Medical Adviser," is sent free in paper covers on receipt of 21 one-cent stamps to pay the cost of mailing *only*. For 31 stamps the cloth-bound volume will be sent. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets cure constipation, biliousness and headache.

THE ATLANTA LYNCHING.

Mr. John Temple Graves, one of the most prominent persons in Georgia, and editor of the Atlanta News, platform orator, lyceum lecturer, politician, and man of affairs for some weeks has been denouncing negro rapists and calling upon the authorities and residents of Atlanta to adopt drastic methods in dealing with the men responsible for the attacks upon the women of Atlanta. Concerning recent assaults and lynchings he, among other things, said:

"The Atlanta race riot is due to the cumulative provocation of a series of assaults by negroes upon white women, which, in number, in atrocity, and unspeakable audacity, are without a parallel in the history of crime among southern negroes. There have been eleven assaults or attempted assaults within the past seven weeks. Of these fiends only four have been apprehended, and seven have escaped scott free and are now at large in the community. Eight of these assaults have been in broad daylight, and in most instances in the open air, within a stone's throw of other residences. One assault was attempted at 9 o'clock in the evening in the brilliantly lighted parlors of a city residence. Three have been attempted almost within twenty feet of the man of the house, the criminals escaping before the household men could reach them.

"In almost every case the woman victims have been multilated and disfigured monstrously, and the entire eleven efforts, five successful and six unsuccessful, have been made right in the city and suburbs of Atlanta, the capital of the New South; the center of trade, traditions, and politics; the heart of our civilization with a white population nearly twice as large as that of the negro.

"It is utterly impossible to reach an explanation of this tidal wave of crime. Whether it be due to the lust begotten by the sultry and torrid weather; whether it be due to the remarkable increase of the cocaine habit among the negroes; whether it has been stirred by the revolutionary harangues of a local newspaper; whether it has come from the frequenting of low liquor dives on Decatur street, in which are exposed the pictures of nude white women, or, as is more likely, from all of these causes combined, it is certain that Atlanta nor any other southern city has passed through such a horrid carnival of the intolerable crime as during the closing weeks of the present summer.

"There are few men who dare to leave their families after nightfall, either to attend public meetings, to pay a social call, or to worship in the churches of their choice. The whole section has been in a state of siege and apprehension, which has been growing more and more intolerable. Every thoughtful citizen has realized that Atlanta has been sleeping upon a volcano for weeks. Under these conditions, Saturday afternoon was drawing to a close. There had been a rape for each of the proceeding days, right in the heart of the city. The afternoon editions of the papers came out on time without an addition to the grewsome record, and people breathed easier. Half an hour later an afternoon extra appeared, announcing that there had been four rapes attempted in swift succession within the hour, two of which had been successful.

"Another paper issued an extra, and in one short hour the populace of Atlanta was in a frenzy of excitement. By 7 o'clock the first crude and impromptu organization was formed, and from 7 o'clock until an hour after midnight, Atlanta passed through the throes of a riot which has had no approximation in southern history. The lid of the volcano was off; monstrous things were done in the name of retaliation. Old and young negroes, negroes good and bad, innocent and guilty, were cut and slashed and killed. To every plea for mercy was shouted back the fierce response: "You had no mercy on our women and we will have none on you."

"Seventeen negroes were killed and more than thirty injured.

"The silliest man in the South is the time-serving statesman who declares that there is no race problem, and the question, if left alone, will settle itself.

"The race question is more impending and threatening now than it has been in twenty years. The tension is sharper, the antagonism deeper between the races. The hope of a permanent agreement has slender foundations.

"The horror of Saturday has doubtless left a blot on our civilization, but it will clear the atmosphere and keep the negro in order for five years to come.

"What is the ultimate end? Separation of the races, the only possible logical, inevitable solution. These two opposite antagonistic races can never live together in the same government under equal laws—never."

Revolting Murder.

A burlap bag stamped with the name "Z. K. Mano," a strip of a woman's skirt and an oil cloth table cover bearing a rude sketch of the landing of Columbus, are the only immediate clews to the perpetrators of a revolting murder committed in the early hours of yesterday morning, and accidentally revealed by the discovery of part of the dismembered body of a man at 604 west Thirty-sixth street, New York, yesterday.

The torso of the man, apparently an Italian, wrapped in the burlap bag, was found in a hole twenty-four feet deep, forming a part of an excavation, where an addition to a brewery is to stand. The discovery was made by the day watchman for the building contractors.

Later a systematic search by the police resulted in finding the parts of the man's legs from the knees down, and the arms and hands. These were wrapped in a newspaper of the date September 10, and bound about the bundle was a strip of a woman's skirt. All was neatly and securely tied with a string, suggesting deliberate preparation. This bundle was found under a covering of hay in a freight car at Thirty-sixth street and Eleventh avenue. The car was unloaded of a shipment of horses Saturday. The head and thighs of the man are missing.

It is the theory of the police that the murder was committed near where the body was found, and that three packages of the dismembered parts had been made with the purpose of disposing of them at various places distant from the scene of the crime. The police believe that the persons carrying the bundles became alarmed and hurriedly disposed of them at the nearest convenient hiding place. They expect to find a third package in the same vicinity.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

MONDAY EVENING, SEPT. 24, 1906.

WHILE LYNCHINGS are, as a practice, to be deplored, it must be evident to all fair-minded people that the whites of Atlanta have had much to contend against during the past few weeks, and their exasperation of last Saturday is no more than might have been expected when people have been aroused by a succession of dastardly crimes upon the part of negroes. The ranks of such fiends are undergoing recruitment daily, and the time seems to have come when white women, while always encompassed by dangers in rural districts, are by no means safe in large cities. These are facts that today stare us in the face. White women living in the twentieth century in the sight of the capital of the country are in equally as much danger when within a few yards of their homes as were their progenitrixes when Indians were prowling about this part of the country. The truth of this observation is made apparent by the recent assaults in Alexandria county and Maryland. In Atlanta white women were assailed in rapid succession in the heart of the city. The brutes who committed the crimes seemed to have been totally oblivious of the consequences of their deeds. The excitement among the white people soon reached fever heat and a mob once formed is often as a prairie fire. The account of the bloodshed which followed will be found elsewhere in the Gazette. At least ten negroes were shot to death, and scores were more or less injured. While such sanguinary scenes are regretted, the causes which lead up to them will, naturally, not be overlooked. In the descriptions of the turmoils the statement is made that the larger portion of those composing the mob were under twenty years of age. There is every reason to believe that innocent negroes were killed or ill-treated by irresponsible assemblages. This is invariably the case on such occasions. There was a race riot in Alexandria on Christmas Day, 1865. Negroes, before the stars were out of the sky, paraded the streets with fifes and drums discoursing "John Brown's Soul is Marching On," "Sherman's March to the Sea," and other inflammatory airs. In the afternoon a number of whites gathered on King street and assaulted every negro they met. One colored man was killed during the rioting. On that occasion a number of inoffensive colored people were shamefully treated. Many of this class doubtless suffered a similar fate in Atlanta on Saturday night and while law-abiding people have nothing to say in extenuation of the crimes of vicious negroes, believing, as they do, that such miscreants should be given the full penalty of the law, they deplore the fact that unlawful and irresponsible mobs thirst for the blood of human beings for no other reason than the fact that, from no fault of their own, their skins are black.

ANOTHER ATTACHE of the Smithsonian Institution, according to a Washington paper, has examined the crude imitation of a human face in the cellar of the old Carlyle House and corroborates the opinion of a fellow-attache who recently declared that it is a portion of the remains of a human being who lived in a past century. It is said that the learned Dr. Samuel Johnson was a believer in the Cock Lane (London) ghost and assaulted a man who ridiculed the imposition, hence there is nothing strange in the alleged conclusions of the Smithsonian sages. Years ago when minstrel troupes were at their zenith they occasionally produced what was known as "The Virginia Mummy." An old doctor, who had become an Egyptologist, imagined he had prepared a decoction which would restore a mummy to life. He made several attempts to procure the remains of one who had lived under the Pharoahs, but to no purpose. Finally a practical joker placed a negro in a box which had been decorated with hieroglyphics, and after cautioning the darkey to keep his eyes and lips closed, had the "sarcophagus" with the live negro sent to the doctor. The opening of the "mummy" case before scholars, sages and others, the discovery of the fraud and the kicking of the negro out of the doctor's office was the final act in the play. The "head" in the Carlyle House will sooner or later appear equally as ridiculous.

ACCORDING to statements made by certain newspapers in the larger cities of this country, people representing the business interests in Cuba want intervention on the part of the United States, if not annexation. This may or may not be so, but to many people it looks as though attempts are being made to manufacture the annexation sentiment in this country. The statements referred to above generally appear in papers which are ready to sustain the present administration in everything it does. There can be no doubt that it is the purpose of the powers that be to incorporate Cuba sooner or later. Some of the more enthusiastic and precipitate members of the party think this is the accepted time. Many conservative people will look with dread upon any movement which will tend to make the Cuban hornets' nest a part of this country.

Washington, Sept. 24.

Admiral Dewey said today concerning the Cuban situation: "In spite of ourselves we have become a world power, and have to do a world power's work. I heartily approve of the cautious policy the administration is pursuing. Intervention in Cuba was forced upon us in 1898 by the intolerable conditions which prevailed in the island and conditions are developing which may necessitate a like course at the present time. In case the United States occupies Cuba, the insurgents may enjoy the support of a European nation, a thing the American people would be quick to resent. We must have more ships, especially battleships. We should have lots of them. The rest of the world is building them, and in this policy is observing the lessons of experience. If we should have a war with anybody we would need battleships. And if we have enough battleships we wont have war. Our world wide interests, and, as I have said, our responsibility as a world power, which were thrust upon us require us to keep on building until there shall be no danger of war.

The United States has entered into a new reciprocal commercial agreement with Bulgaria. United States Minister Jackson, in a report to the State Department received today, announces today, that he signed the new agreement on September 15th, and that it will take effect on the thirtieth of this month. It is entirely similar to the new commercial arrangement recently entered into with Spain. Bulgaria gives to the United States the benefit of its minimum tariff while in return the United States permits the importation from Bulgaria of wines, argols and a few other articles in accordance with the terms of article three of the Dingley tariff act.

The Comptroller of the Currency announced today that he would hereafter collect a fine of $100 a day from each National Bank failing to report on its condition within the prescribed five days after a call for statements has been issued.

The report of Receiver Apsey, of the First National Bank, of Chelsea, Mass., to the Comptroller of the Currency, shows that the resources of the bank, good, doubtful and worthless at the date of suspension were $1,154,257.71 Of these, a half million are classed as worthless. The liabilities were $774.359 11.

The government will resume its trust-busting operations this week. Milton D. Purdy, assistant to the attorney general, who has charge of all such questions, returned today from a European trip. He will at once take up the reports of special counsel in the investigation of the so-called trusts—the tobacco, fertilizer and powder trusts—for the purpose of laying them before Attorney General Moody, who will be here on Wednesday.

Murder at Railroad Camp.

A. F. Farley, of Kennedy, Illinois, shot and killed Adolph Williams, at the railroad camp of Patrick O'Laughlin, at Pittsburg, on the Eldorado, Marion and Southwestern Railroad, six miles northeast of Marion, Saturday night. The coroner's inquest showed that Farley and a negro in the camp had trouble, and Farley left and, with a shotgun, laid in ambush for the negro. While waiting for his intended victim to pass Williams, a white man and a personal friend of Farley, appeared on the scene.

Farley, believing the man was the negro, fired both barrels of the shotgun, resulting in 111 shots penetrating Williams from breast to face, resulting in instant death.

The authorities were notified, and Sheriff N. S. Harris, Deputy J. E. Throgmorton and Coroner Frank Roberts at once went to the camp, where they remained until daylight, when they struck the trail of the retreating man and for three miles traced him. Bloodhounds and a number of men followed the trail and yesterday afternoon caught Farley and safely landed him in the county jail.

Mr. Bryan in Mississippi.

Mississippi extended a cordial welcome to William J Bryan Saturday, when he spoke to 15,000 persons at Jackson. Others, who could not get within range of the speaker's voice, left the ground. Leading democrats from all parts of the State were there, and at the conclusion of the address resolutions commendatory of Mr. Bryan were adopted by a standing vote.

Mr. Bryan's speech was along the lines of other recent addresses, dealing with trusts, government control of railroads, and President Roosevelt's "democratic tendencies."

At the conclusion of Mr Bryan's address, John Sharp Williams spoke briefly. He eulogized Bryan, calling attention to those measures advocated by the republicans with the aid of democrats. He called attention to the fact that he had supported Mr. Bryan in two campaigns and would do so again, but said that he (Williams) was unalterably opposed to government ownership of railroads.

Paying Out Confederate Pensions.

The clerical force in the offices of the Auditor at Richmond have been paying out Confederate pensions.

In the first half of the current calender year $90,139 65 had been paid ont to beneficiaries, and since that time $120,719.25 has been disbursed and there are claimants for about $88,000 more, making a total paid out thus far this year of about $300,000. Last year the aggregate paid on this account amounted to $313,493. The total for 1906 will equal the sum. This sum is divided among so many beneficiaries that each will receive but a small sum, but as the beneficiaries reside in all sections of the State and many are in need, the State's checks which they receive annually are warmly welcomed. Almost as many new beneficiaries have been added to the roll as have been removed therefrom by death, but the highest aggregate has been passed and a slow but steady decline is expected hereafter.

Judge Charles E. Nicol has been designated to hold part of the September term of the Circuit Court of Clarke county at Berryville on Thursday, when the Berryville "boom cases" are set for trial. Judge T. W. Harrison is, for personal reasons, not qualified to hear the cases.

Intimating that Mayor Weaver of Philadelphia had desired them to use the members of the police and fire departments of the city in the interests of the Mayor's candidate for the city party nomination for district attorney in violation of a State law prohibiting officeholders from taking active part in politics, Colonel Sheldon Potter, director of the Department of Public Safety, and Thomas W. South, assistant director, Saturday suddenly resigned their offices.

Senator Beveridge, of Indiana, Saturday night opened the republican congressional campaign in the Middle West by delivering an address in the Auditorium, at Chicago, under the auspices of the Hamilton Club. Captains of industry, trustees of welfare of the people and not individuals, he said, are seeking gain. He favored government regulation, but assailed ownership.

Henderson in an alley near the home of Lula Penn, on west Broad street, Richmond, 10 days ago, and whose whereabouts since that time the police have been unable to determine, last night returned to the city and gave himself up. Childress has confessed the killing of Henderson, whom, he says, he struck in self-defense. The men quarreled in the house of the Penn woman, and afterward met in the alley where the fight took place.

G. C. Whitaker, a Southern Railway flagman, of Pilot Mountain, was shot and instantly killed at Spencer, N. C., last Friday afternoon by P. F. Hedrick, a Southern Railway conductor, of Spencer. The killing occurred in a store in the center of the town. The shooting of Whitaker is said to have been the result of his attentions to Mrs. Hedrick. The conductor, however, claims self-defense. Five balls took effect and Whitaker died without speaking. He had a pistol in his hand when he died, but was not seen to attempt to use it on his assailant, though two chambers were empty.

RACE WAR IN ATLANTA.

Forty-eight hours have passed since a race war of no mean proportions began in Atlanta last Saturday. In that period at least ten persons have been killed and the number of injured will be at least 40, several of whom cannot recover. At 10 o'clock last night the city was controlled by the police, aided by nearly 1,000 of the State militia. Every part of the town is patrolled by the soldiers, and the authorities seem to have the situation well in hand.

Numerous and persistent rumors were reaching the city last night of negroes attacking white persons and stoning street cars in the suburbs and outskirts of the city and several streets cars arriving in Atlanta from their runs show broken windows, while their crews were refusing to go out last night.

The larger part of the militia was concentrated in the downtown streets last night Marietta and Decatur streets, both frequented by negroes, were crowded with white men. The troops are marching through the crowds constantly trying to enforce the order of the Mayor that the streets shall be cleared. The efforts to clear the streets, however, met with only fair success. Very few of the better class of citizens, who are not called out by necessity, were on the streets last night.

Throughout Saturday night the race war raged with varying vigor, and when morning dawned it found the downtown streets in possession of eight companies of the Fifth Georgia Infantry, with a battery of light artillery in reserve. Throughout yesterday little of importance occurred.

This condition came as the result of numerous and repeated assaults or attempted assaults upon white women by negroes. The list of an even dozen of such assaults within the limits of Fulton county within the last nine weeks came Saturday, when four attempts at assault were reported. Special editions of afternoon papers wrought the populace to a high pitch of excitement. The usual Saturday night crowds were largely increased by men and boys, who thronged the downtown streets. There was no leader and no overt act until late in the evening. About 10 o'clock a negro man shoved a white woman from the sidewalk on Whitehall street, in the center of town. Almost simultaneously a negro woman made an insulting remark to a white man on an adjoining street and he administered what he considered due punishment. From this start the mob began its work of destruction. Five thousand men and boys thronged the downtown streets looking for negroes. News that a riot had started brought thousands more from their homes in the suburbs and residence districts, until fully 10,000 men thronged the downtown section.

They made attacks on the incoming street cars. Each car was scanned for negroes. The trolleys were pulled from the wires and in the semi-darkness of the unlighted cars negroes were beaten, cut and stamped upon in an unreasoning, mad frenzy. If a negro ventured resistance, or remonstrated, it meant practically death. One car, half filled with negroes, approached from an outside run. The mob dashed for the car. Resistance was made by the negroes, who had not been apprised of trouble. Three negroes lay dead on the floor of the car when it was permitted to move on, and two more were seriously beaten and unconscious.

When the crowd seemed to be getting beyond control, at about 10 o'clock, Mayor Woodward mounted a car platform on Peachtree and Marietta streets and urged the crowd to disperse, declaring that the assailants of the white women would be adequately and promptly punished by due process of law.

Mayor Woodward was given a respectful hearing, but when he finished the work of destruction was resumed. He made another appeal a few moments later, but without result. Then he turned in a general fire alarm, calling the entire department to the scene. To Chief Joyner, he gave the laconic order: "Clear the streets."

The result was to stop the mob in its work in that immediate section and to drive it to other streets. The situation became so threatening at 11 o'clock that Governor Terrell was appealed to to order out the State troops. Although no request had come from the Sheriff, Governor Terrell gave the order mobilizing eight local infantry companies at once. Previously a police riot call had been sounded summoning all police reserves to headquarters. With the decision to call out the troops the big fire bell sounded once more, this time the call for every member of the militia to report forthwith at his armory. It was almost 2 o'clock yesterday morning before the first squad appeared on the streets and at 5 o'clock six companies were under arms.

The attacks on negroes had the effect of clearing the streets of blacks. Street hacks were abandoned at curbings; drivers on baggage wagons vanished and their places were taken by white men. The postoffice officials had much difficulty in delivering special letters; ice deliveries have been scarce to private homes; in some restaurants service has been restricted by the absence of regular waiters. Throughout the day hundreds of negroes have been fleeing the city. By train and wagon and on foot they have hurried from the city, fearing the possibilities of trouble in the immediate future.

In the fighting negro women were the most warlike, urging resistance to the mob and themselves fighting like Amazons. In the residence district great anxiety is felt. The police force was centered down town, practically leaving the residence district without protection. Many families, temporarily without male protection, feared the possibility of a danger of which they knew but little. The fear of trouble was accentuated by the newsboys' cries. It was a night of terror to hundreds.

The lawless character of the mob was fully demonstrated during the latter part of the evening. When negroes had vanished from the streets the mob, from pure wantonness, broke windows and damaged property. The crowd, after pulling the negro porters from the Pullman cars of a Western and Atlantic Railroad train standing ready to start, proceeded to smash the windows in the day coaches and mail and baggage cars. They then crossed to the Kimball House and continued to smash windows, causing a loss of several hundred dollars. Numerous windows in stores on Peachtree street yesterday show that the mob passed that way. A close watch was maintained to guard against incendiarism, but fortunately this precaution was unnecessary.

Today's Telegraphic News

Situation In Atlanta

Atlanta, Ga., Sept 24.—With one thousand militiamen, with a field battery in reserve, occupying Atlanta, the city is much quieter today. It is by no means certain that the rioting growing of the race war is over, but it is not likely there will be a renewal of the outbreaks before night at least.

Governor Terrell has declined to declare martial law, for the present. He has promised citizens, however, that if there is a renewal of fighting he will proclaim military law and see that it is strictly enforced.

Some disorderly occurred last night and today.

James Hoge, a white man, from Macon was struck upon the head by a brick thrown through a window by a negro. He was taken to Grady hospital and it believed to be fatally injured.

Rumors of other troubles are flying thick and fast today.

W. W. Patrick a white man is a victim of negroes revenge. Patrick, who lives at 148 Capital avenue, discharged two negro servants yesterday morning for talking about the race war. Last night his house was fired, the blaze was extinguished after a loss of $500 had been caused.

Forty arrests of rioters have been made according to a report of Jennings. All the rioters are still in jail, and the chief says they will have to stand trial.

Out of all those known to have been killed in the three days' riot, only four bodies have been turned over to undertakers. Ten other bodies which were counted Saturday night, have disappeared. It is reported several of them were placed in trains and shipped out of the city.

Another Negro Lynched.

Atlanta, Ga., Sept. 24.—At an early hour this morning a mob of 200 men assaulted the jail at East Point, a suburb five miles from Atlanta, took out a negro named Zeb Long, who had been arrested Sunday for carrying a loaded gun, strung him to a telegraph pole and shot him to death. Long had resisted arrest and had been parading the streets with his gun. In this city the troops, seventeen commands of whom are on duty, are in full control and everything is quiet.

Situation Critical.

Havana Sept. 24.—While "talk" in Cuba is all for peace, preparations on all sides for warfare are more active than they have been at times since the arrival of the American commissioners.

It is generally conceded that the action of the bringing Col. Avalos's men to Guanajay may precipitate a battle at any moment. The only interpretation put upon this movement is that the goverament wished to cause trouble which would force active intervention by the United States.

Preparations have been made by the insurgents to meet any movement by the loyalists as they no not propose to allow the government forces to hem them in.

The greatest activity is being shown aboard the U. S. warships in the harbor. Tents, food, supplies and ammunition have been landed and everything is in readiness to land sailors and marines within ten minutes if necessity arises

Fighting between the rebels and government forces will be the signal for landing the men from the warships. Wagons and other vehicles are held in readiness and within one hour after men are landed they will be stationed at every danger point about the city insuring it against attack from the outside, while acting as a safeguard against mutiny or uprisings in the city.

The situation is undoubtedly critical. Only the coolness of the insurgent Generals Guerra and Castillo prevented a battle yesterday.

New York Republicans.

Saratoga, N.Y. Sept. 24.—The republican State convention waits on Governor Higgins. On his acceptance or declination of a renomination for Governor, pivots the whole situation. Governor Higgins makes known his position some time today at Albany. President Roosevelt is keeping in touch with the situation through Chairman Parsons, of New York, county committe. A bitter fight in the convention for Governor seems inevitable. If Governor Higgins declines a renomination, and President Roosevelt may yet have to name the candidate. Roosevelt favors Chas. E. Hughes. The best opinion today is that Governor Higgins will decide to run again. With Higgins out, the fight for gubernatorial honors, will start in earnest. Already there is skirmishing between the adherents of Lieutenant Governor M. Linn Bruce and Charles E. Hughes.

Investigating Murder Mystery.

New York, Sept. 24.—Fully a score of detectives and plain clothes men are engaged in a house to house search torough the tenement quarter along 11th avenue, between Fiftieth and Thirty-sixth street in the endeavor to find some definite clue by which to unravel the murder mystery disclosed yesterday morning in the finding of a headless trunk of a man minus arms and legs, in an excavation at Thirty-sixth street and Eleventh avenue. The only development this morning was the finding of one of the missing leg joints, which was picked up at Thirty-eighth street and Eleventh avenue, wrapped in a bundle and lying between two freight cars. The second upper part of the legs which had been missing was also discovered today not far from its fellow member in the neighborhood of Thirty-eighth street and Eleventh avenue. It also had been done up in a bundle, and hidden in a freight car.

Objections of Railroad Companies.

[Special Dispatch to the Alexandria Gazette.]

Richmond, Sept. 24.—The Corporation Commission today received written answers and objections of railroad companies to the rule providing that companies be required to get the consent of the commission to a change of schedules and withdrawal of facilities. The commission will begin the taking of evidence this afternoon.

J. F. Childress, charged with the killing of C. C. Henderson, was arraigned in court this morning and argument on the motion for bail will be heard at 4:30 p. m. today.

New York Democrats.

Buffalo, N. Y., Sept. 24.—This morning it is Hearst against the field. It is practically conceded that the New York editor has at least 120 instructed delegates, the largest number with which any candidate has entered a democratic state convention in years.

The field is still divided. McCarren is for Judge Gaynor, of Brooklyn; McClellan is for Jerome; Norman E. Mack is for Mayor Adam, of Buffalo; the Sullivans are for Congressman Sulzer, of New York, while several of the known candidates are enthusiastically for themselves.

Former Lieutenant Governor "Billy" Sheehan, now of New York, is the only anti-Hearst leader who appears to have any definite purpose to bring all the anti-Hearst elements together. So far he has failed. Murphy, of Tammany, is ready to support Hearst, but only on conditions. He wants the independence league state ticket withdrawn and a promise from Hearst not to oppose the local democratic tickets in New York and Brooklyn.

It is stated that all but one of the independent league nominees are willing to quit. The exception is John A. Ford, a former republican State Senator who was nominated for comptroller. It is only barely possible that the democratic convention will be willing to swallow Ford, a republican.

Governor Higgins has declined the renomination for Governor. Despite the almost frantic appeals of his friends and members of the "Kitchen Cabinet," who plead with him to again head the ticket, Governor Higgins shortly before noon, today, telephoned to his friends here that he did not see his way clear to make the contest. When it became known that he had declined the Bruce forces began an active campaign, to bring about the selection of the Lieutenant Governor for the head of the ticket. A statement is expected from Gov. Higgins at Albany later, giving his reasons for his declination.

Buffalo, N. Y, Sept. 24.—The Tammany caucus has been postponed until Tuesday night. This is for the ostensible purpose of giving the braves more time to learn up-State sentiment. No nominations will be made Tuesday in any event. Later in the day, Charles F. Murphy said; "I am for any candidate who can win. This is to be a free and open convention. The delegates will make their own choice."

An Unfounded Rumor.

Shanghai, Sept. 24.—The United States gunboat Helena, assigned to the Asiatic station, has been destroyed and all aboard lost, according to dispatches received here. The vessel was a victim of the recent typhoon, which wrought so much damage in Hong Kong.

Washington D. C., Sept. 24.—The Navy Department received an official dispatch this morning announcing the arrival of the Helena at Shanghai. It read, "Helena arrived Shanghai. All well on board." The department is at a loss to account for the press reports from Shanghai stating that the vessel had been destroyed with all on board. She left Cavite on September 15, and was somewhat delayed by stress of weather.

Mr. and Mrs. Bryan in New Orleans.

New Orleans, Sept. 24.—William J. Bryan and Mrs. Bryan arrived here at 11:30 o'clock today. A reception committee met the Bryans and escorted them here. After a parade through the principal streets. Mr. Bryan was escorted to the St. Charles Hotel where an elaborate luncheon was served. He delivered a brief address and was given a reception.

New York Stock Market.

New York, Sept. 24.—The stock market was under pressure for a large part of the first hour with manipulative interests doing much to force prices to low levels, apparently increasing their holdings of stock. There was good buying of many stocks on all the declines but rallies forced by this buying were quickly lost in turn by selling from outside sources and the movement was irregular and the tone unsettled. Reading was the market leader.

Letter to R. C. Acton & Sons, Alexandria, Virginia.

Dear Sirs: You know, diamonds don't go by size. So with paint.

We make paint, one gallon of which goes as far as two of another and lasts twice as long; that't four to one.

You know it is true in diamonds; they don't go by the gallon, do they?

If you're going to paint your house, you go first to your painter and say: "I'm going to paint; do you want the job? and what'll it cost?"

If he happens to know, he'll say: "Depends on the paint. I can do it for somewhere about $100 or $200, whichever you like; $100 will make a good job; $200 a poor one."

And you, if you happen to have your wits, 'll say: "I'll take the good one, when'll you do it?"

Painters ought, all, to know about paint; and jewelers ought to be able to get a good job. We do what we can to help both.

One gallon Devoe is better than two of average paint, goes as far—that is, your house will take about 20 gallons Devoe and 40 of average paint—and Devoe will wear a long time; the life of average paint is very uncertain, it may be a year, it may be five.

Why is it that painters don't know about paint? Do jewelers know about diamonds? They know more than they tell sometimes. There are painters and painters; so there are jewelers; so there is paint, and the least-gallons paint is Devoe.

Yours truly,
F W DEVOE & Co.

The Alleged Assailant.

Alexandria county authorities and Warden Harris, of the District of Columbia jail, clashed yesterday afternoon at the jail in an argument as to whether Joseph Wright, colored, identified by Miss Mabel Risley, and her escort, Forrest Gooding, as the man who assaulted and robbed them on the night of September 9, near Four Mile Run, should sign a statement made by him to Sheriff Palmer and Commonwealth's Attorney Mackey, of Alexandria county.

The men from Virginia insisted that their request be granted, but Warden Harris refused on the ground that he would be doing an injustice to the prisoner under his charge. He maintained his position and Mr. Mackey and Sheriff Palmer left the jail to return home. The warden asserted that the prisoner had had no opportunity to see a lawyer.

Mr. Mackey in his colloquy with Warden Harris said he had tried numbers of murder cases; that it was always customary to see the prisoner before lawyers were engaged, and cited many instances where this had been done.

Mr. Mackey said that he would get requisition papers for Wright, who would be tried by a jury of Virginians. They would only have to be given a woman's word that Wright was the man who had assaulted her in order to convince them, Mr. Mackey said.

Miss Risley went to the jail again yesterday, accompanied by Capt. Matthews, of the Fourth precinct. Wright was ordered to walk by her, and she positively identified him as the man who had assailed her. As she left the building Miss Risley said: "There is not the slightest doubt in my mind that Wright is the man for whom the authorities had been looking."

Wright is still in jail in Washington, and the county authorities are preparing extradition papers in order that Wright may be removed to Virginia. It is supposed that several days will have elapsed before he will be taken to the county jail.

To Make an Investigation.

The Brotherhood of Locomotive Engineers has made a thorough investigation into the circumstances surrounding the death of Engineer Hugh Murphy, of the Southern Railway, who was slowly scalded to death while pinioned underneath his locomotive, two weeks ago, at Sixth street and Maryland avenue, southwest Washington. It is said that more than twenty witnesses have been secured who would testify that the life of the engineer might have been saved had it not been for the arbitrary action of the police. It is also said that the statements of the witnesses have been placed in the hands of Attorney Charles Bendheim, of this city, who will go before the Commissioners of the District of Columbia either to-day or to-morrow and ask for a searching investigation of the action of the police. The railroad men allege that instead of allowing them to assist in the rescue work, they were driven back by the police. They claim that Murphy was pinioned underneath the cab of the locomotive and could have been released with the use of "jacks" about thirty minutes sooner than he was freed, and that his life might have been saved. Capt. Matthews, who was in charge of the police, says that every possible thing was done in Murphy's behalf. He maintains that the engineer was pinioned underneath the boiler of the engine and not beneath the cab, and that he "could not possibly have been rescued any earlier than he was extricated.

Luna Park Attractions.

The Galliani Operatic Trio, late of the Conreid Metropolitan Opera Company, appeared at Luna Park last night, to the delight of the large crowd assembled at that place. An audience that completely taxed the seating capacity in front of the musical shell had gathered long before the time for the singers to appear. Although but four selections were sung, each was in itself a vocal triumph. Another entertaining feature last night was the singing of the Metropolitan Male Quartette, of Washington. The Operatic Trio will appear each afternoon and evening throughout this week.

Next Monday will be "Southern Day" at Luna Park, and a large part of the receipts of the park as well as of the Washington, Alexandria and Mount Vernon Company will be turned over to the women who are endeavoring to raise funds to lift the mortgage on Lee Camp Hall, in this city. The management of the park will donate the gate receipts and each ticket will entitle the holder to a ride on the "circle swing" and a free admission to the "tours of the world." The committee will receive one-half of the price of every ticket sold on that day from Alexandria to Luna Park and one-third on similar tickets sold in Washington.

The park will close the night of October 3rd.

Forfeited His Collateral.

A man giving his name as John Biddle, and who said he was from Washington, was arrested yesterday afternoon by Special Policeman Robey of the Washington, Alexandria and Mount Vernon Railway and Policeman Roberts on the charge of creating a disturbance on one of the cars of the company. Conductor N. Davis preferred the charge against the man. He stated that the man boarded the car, which was attached to a special train, and pulled the bellrope to stop it several times. He was released by Chief Goods upon $20 collateral for his appearance in the Police Court this morning. He could not be found when the case was called and forfeited his collateral.

Large Catfish.

Henry Murray yesterday caught a catfish from one of the city wharves that weighed between 8 and 9 pounds. He caught several other specimens measuring a foot in length. They were of the Mississippi river variety. These fish are becoming plentiful in the Potomac. Black bass are still affording anglers considerable sport.

Miller, of this city, has been transfered from the office of the general superintendent of the Chicago, Rock Island and Gulf Railroad, at Fort Worth, Texas, to the office of the superintendent of transportation of the Chicago, Rock Island and Pacific Railroad, La Salle street station, Chicago, Ill. The many friends of Mr. Miller in this city and Chicago are glad to hear of his transfer.

Miss Ethel Grimes has returned from a visit to friends in Flushing, Long Island.

Friends in this city of Miss Eleanor Fox, of Philadelphia, a frequent visitor here, have received invitations to her marriage, October 10, to Mr. James E. Gibson, of the same city.

Fined and Imprisoned

William Robertson was arrested yesterday by Chief Goods and Policemen Garvey and Arrington on suspicion of selling liquor on Sunday and without a license. Robertson lives in the southwestern section of the city. He was brought before Justice Caton in the Police Court this morning when the evidence showed that he had sold liquor. Several bottles of whisky which had been found in the place were exhibited and the officers testified that empty beer bottles, &c., gave evidence that an illegal business had been conducted by Robertson. He was fined $50 and given 60 days in jail.

Locomotive Whistles.

Considerable complaint is made by people living in the southeastern section of the city of the blowing of locomotive whistles on Wilkes street during the night. On Saturday, sometime during the "wee sma' hours," the shrieking of an engine whistle as it was entering the western end of the tunnel startled people and scared children. There was considerable whistle-blowing in and out of the tunnel last night. Such procedures are unlawful and should be stooped at once. The moving of trains throughout the night is a great annoyance to people living near the tracks and the sounding of the locomotive whistles adds to the discomfort.

W. C. T. U.

The opening service of the 24th Convention of the Virginia W. C. T. U. will be held in the Baptist Church tonight at 7:30 o'clock. Tomorrow night will be county jubilee and welcome night. Addresses will be made by Mayor Paff, Mr. Lewis Machen, Col. Kemper, Rev. Mr. Phillips, Mrs. K. W. Barrett and others. On Wednesday night a grand gold medal contest will be held. At this service a silver offering will be taken at the door. Mrs. Stevens and Miss Gordon will deliver addresses. Two business sessions will be held daily beginning with Tuesday morning.

Griffin Indicted.

At a special term of the grand jury for Culpeper county, called by Judge D. A. Grimsley, George Griffin, the colored man who a few days ago made the attempt to criminally assault Miss Gerald Covington, was indicted Saturday for the crime. The judge also ordered a special term of his court to try the accused for the first Monday in October. The man is in jail in this city for safekeeping. There is considerable excitement in the neighborhood of the outrage.

Funeral.

The funeral of the late Mrs. Virginia Brengle, whose death occurred at an early hour Saturday morning, took place from the residence of her sister, Mrs. Eleanor F. Lyles, 1213 King street, yesterday afternoon, and was attended by relatives and friends of the family. The services were conducted by Rev. Father Kelly, assistant rector of St. Mary's Church, and the interment was in the Methodist Protestant cemetery.

Sent on to the Grand Jury.

Officers Young, Lyles, Garvey and Gill yesterday arrested a negro named Jack Smith who is alleged to have stolen a gold watch and scarfpin from the residence of Smith Becket, in the northwestern section of the city, on the night of Monday, November 27, 1905. He was brought before the Police Court this morning and sent on to the grand jury by Justice Caton.

Held Up.

A resident of north St. Asaph street was held up by two men on that thoroughfare, between Cameron and Queen, last night. The footpads caught hold of the arms of their intended victim when the latter knocked one of the men in the gutter. His companion took to his heels and made his escape.

Torture By Savages.

"Speaking of the torture to which some of the savage tribes in the Philippines subject their captives, reminds me of the intense suffering I endured for three months from inflammation of the Kidneys," says W. M. Sherman, of Cushing, Me., "Nothing helped me until I tried Electric Bitters, three bottles of which completely cured me." Cures Liver Complaint, Dyspepsia, Blood disorders and Malaria; and restores the weak and nervous to robust health. Guaranteed by E. S. Leadbeater & Sons' druggist. Price 50c.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

John Riddle, arrested by Officer Roberts and Special Officer Robey, charged with disorderly conduct on an electric train, forfeited $50 by failing to appear.

Ann Russell, white, and Geo. Ford, colored, arrested by Officer Henderson, charged with disorderly conduct, were fined $5 each.

William Brent, colored, arrested by Officers Knight and Ferguson, charged with assaulting Daisy Williams, was dismissed, the complainant failing to appear.

Walter Clark, colored, arrested by Officers Bell, Jones and Garvey, charged with assaulting Annie Freeman, was fined $5.

Mary Thomas, colored, who had sworn out a warrant against Henry Twyman, charging him with assault, was allowed to withdraw the warrant upon the payment of $2.50.

William Miller, arrested by Officers Bettis and Nicholson, charged with assaulting Mary Nicholson with a knife, was dismissed, the plaintiff refusing to prosecute the accused.

William Robertson, arrested by Chief Goods and Officers Garvey, Arrington and Beach, charged with selling liquor without a license, was fined $50 or given sixty days in jail.

Samuel Watts, arrested by Officers Jones and Henderson, charged with stealing ice from L. Shuman & Son, had his case continued.

Martha Lewis, colored, arrested by Officer Beach, charged with carrying concealed weapons, had her case continued.

Jack Smith, colored, arrested by Officers Young, Lyles, Garvey and Gill, charged with stealing a watch and a scarfpin from Smith Becket, was sent on to the grand jury.

Several residents of Queen street, between Alfred and Columbus, had been cited to appear and answer the charge of failing to connect their premises with the sewer. They were all dismissed.

Prospective Bridegroom Dismissed.

Among the cases before the Police Court this morning was that of a negro named William Miller, who had been arrested at the instance of Mary Nicholson, also colored, who charged him with assaulting her with a knife. The assault occurred six weeks ago at which time the warrant was sworn out, but Miller had eluded the police until yesterday when he was taken into custody. The Nicholson woman in her statement this morning showed a disposition to suppress as much as possible the facts in the case, and among other things said she was sorry the assault occurred, as she and Miller were to have been married next Wednesday. Miller acknowledged that such was the case and the prospective bridegroom was dismissed.

Dangerous Play.

Walter Clark, colored, was arrested yesterday on complaint of Annie Freeman, colored, who averred that Clark had assaulted and beaten her and compelled her to jump from the second story window of their home in the northeastern section of the city. Her face gave evidence of the truth of her statements. Clark was brought before the Police Court this morning when in defense he stated that he was merely playing with the woman. Justice Caton fined him $5 for engaging in diversions dangerous to himself and others, the penalty provided in such cases by a city ordinance.

Grand Gold Medal Contest.

Probably the most interesting session to outsiders of the W. C. T. U., convention convening at the Baptist Church in this city tonight, will be that of Wednesday night. Six young ladies representing as many different parts of the State who have previously won both silver and gold medals will compete in an oratorical contest for a grand gold medal. No admittance fee will be charged but a silver offering will be taken. The programme will be interspersed with musical selections and those who attend will be assured of both a musical and elocutionary treat.

LOCAL BREVITIES.

Luther Carter, real estate agent, has sold for Mrs. Martin house No. 409 south Lee street, to Mr. T. A. Groves.

John Morgan was arrested today for being drunk and disorderly on the street and was locked up for a hearing tomorrow.

The will of the late Patrick Foley was admitted to probate today. The deceased left his small estate to his grandchildren, the children of the late John Reese.

John Evans, a youth living on south Fairfax street, had one of his fingers seriously mashed in cogwheels on a pile driver at the foot of Wilkes street yesterday.

The Clerk of the City School Board today issued 26 additional permits to children to attend the public schools—6 to white boys, 7 to white girls, 7 to colored boys and 6 to colored girls.

A horse being driven by Mrs. C. C. Leadbeater became frightened near the union station yesterday, and running off smashed the carriage to which he was attached. Mrs. Leadbeater escaped unhurt.

Rev. John Ambler, a returned missionary from Japan, preached at Christ Church yesterday and gave an interesting discoursed upon the similarity and dissimilarity of the Jewish and Japanese races.

A carrier pigeon flew into the office of U. S. Commissioner R. W. P. Garnett in the postoffice building today. On one leg was a ring on which the figures "44486," were inscript, and on the other "E. Z."

The announcement made in the Baptist Church last Sunday evening that members of St. Paul's Church choir would take charge of the music Tuesday evening was a mistake. Miss M. Blanche Rotchford and Miss Hancock will sing on that occasion.

The weather was uncomfortably warm for the most part of yesterday. In the afternoon there was a copious shower of rain which lowered the temperature somewhat, and when night had set in the weather became still more pleasant. Comfortable conditions prevailed this morning, the mercury in the thermometer at 7 o'clock this morning standing at 66°. At 3 o'clock this afternoon it was at 74°.

HOSPITALS CROWDED

MAJORITY OF PATIENTS WOMEN

Mrs. Pinkham's Advice Saves Many From this Sad and Costly Experience.

It is a sad but certain fact that every year brings an increase in the number of operations performed upon women in our hospitals. More than three-fourths of the patients lying on those snow-white beds are women and girls who are awaiting or recovering from operations made necessary by neglect.

Every one of these patients had plenty of warning in that bearing down feeling, pain at the left or right of the abdomen, nervous exhaustion, pain in the small of the back, pelvic catarrh, dizziness, flatulency, displacements or irregularities. All of these symptoms are indications of an unhealthy condition of the female organs, and if not heeded the trouble may make headway until the penalty has to be paid by a dangerous operation, and a lifetime of impaired usefulness at best, while in many cases the results are fatal.

Miss Luella Adams, of Seattle, Wash., writes:

Dear Mrs. Pinkham:—

"About two years ago I was a great sufferer from a severe female trouble, pains and headaches. The doctor prescribed for me and finally told me that I had a tumor and must undergo an operation if I wanted to get well. I felt that this was my death warrant, but I spent hundreds of dollars for medical help, but the tumor kept growing. Fortunately I corresponded with an aunt in the New England States, and she advised me to take Lydia E. Pinkham's Vegetable Compound, as it was said to cure tumors. I did so and immediately began to improve in health, and I was entirely cured, the tumor disappearing entirely, without an operation. I wish every suffering woman would try this great preparation."

Just as surely as Miss Adams was cured of the troubles enumerated in her letter, just so surely will Lydia E. Pinkham's Vegetable Compound cure other women who suffer from female troubles, inflammation, kidney troubles, nervous excitability or nervous prostration.

Mrs. Pinkham invites all young women who are ill to write her for free advice. She is daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising sick women free of charge. Address, Lynn, Mass.

Earthquakes.

Among the many strange relationships which earthquakes hold to various natural phenomena there is possibly one between the times of their occurrence and of irregularities in the revolution of the world. For many years it has been observed that there are slight but irregular changes in latitude, or, in other words, the axis of our earth does not always point in the same direction. The pole wanders about in a mean position, sometimes in a path that is nearly circular, while at others it appears to be exceedingly irregular and even retrograde. The world top is not spinning truly, but it slightly wabbles. When the change in direction of its axis is sharp large earthquakes have been frequent. If a swiftly moving body is, so to speak, compelled to turn a corner, that it should be subjected to strains which might result in yielding is easily conceivable. Regarded from this point of view, the times at which strata in seismic strain give way are to some extent governed by erratic movements in the rotation of our sphere. The earthquake and the wabble may, however, be due to a common cause, and the question therefore is one which requires closer examination.—John Milne in National Review.

A Good Horse's Color.

A good horse cannot be a bad color, it is said. It is certain that Derby winners are not drawn from certain colors. Has a gray ever won the race, or a dun or a skewbald or a piebald? Has there ever been a thoroughbred of the latter type? Quite black thoroughbreds are rare, white still more so, gray uncommon even among the less exalted of public performers. The "Stud Book" would not bear out these statements where colors uncommon on the race course are described. The explanation is, of course, that the horse is there described as he appeared as a foal. An owner of a bay thoroughbred looked up the "Stud Book" to find his purchase pictured as a chestnut and complained to the men of whom he had bought the horse. The former owner assured him that the description was correct at the time it was entered. Other owners, less certain as to what color may appear when the first coat has been cast, have before now made such singular entries as "gray, roan or chestnut."—St. James' Gazette.

The Porcupine's Quills.

The spines are very loosely attached to the porcupine, and they are very sharp—as sharp as a needle at the outer end. At almost the slightest touch they penetrate the nose of a dog or the clothing or flesh of a person touching the porcupine and stick there, coming away from the animal without any pull being required. The facility in catching hold with one end and letting go with the other has sometimes caused people to think that the spines had been thrown at them. The outer end of the spines, for some distance down, is covered with small barbs. These barbs cause a spine once imbedded in a living animal to keep working farther in with every movement of the muscles, so that it is not a pleasant thing to get stuck full of them.

A Sad Picture.

At Varzin once, after sitting for some time sunk in profound reflection, Bismarck lamented that he had derived but small pleasure or satisfaction from his political activity, but, on the other hand, much vexation, anxiety and trouble. He had, he said, made no one happy by it, neither himself, his family nor any one else, "but probably," he continued, "many unhappy. Had it not been for me there would have been three great wars the less, the lives of 80,000 men would not have been sacrificed and many parents, brothers, sisters and widows would not now be mourners."—"Bismarck's Table Talk."

Unique Rainmaking.

One of the oldest rainmaking plants is the invention of a native of one of the Indian provinces. By means of a rocket he sends more than a mile into the air a reservoir of ether attached to a parachute. This, being released at the highest point, floats gently back to earth, the condensation being caused by the evaporation of the ether. It is said to be decidedly efficacious even where there is scarcely a trace of cloud.

Cut It.

"Yes," said the college student, "dad got the idea that I was cutting up too much, and so he cut in and threatened to cut down my allowance unless I took a brace. I felt all cut up at first, but I didn't want my allowance cut off or cut into just for a little funny business, and so I cut it out." And the listening foreigner remarked, "What did the young man say?"—Somerville Journal.

Breaking It Gently.

Captain of Steamer—Madam, it gives me great pain to be obliged to tell you that your little boy's hat has blown overboard. Fond Mother—Why, I thought it was tied on with a string! Captain—Yes. That was just the trouble. The string did not break.

A Lively Tussle.

with that old enemy of the race, Constipation, often ends in Appendicitis. To avoid all serious trouble with Stomach, Liver and Bowels, take Dr. King's New Life Pills. They perfectly regulate these organs, without pain or discomfort. 25c at E. S. Leadbeater & Sons' druggist.

Good for the cough, removes the cold, the cause of the cough. That's the work of Kennedy's Laxative Honey and Tar—the original laxative cough syrup. Contains no opiates. Sold by W. F. Creighton & Co., 401 King street.

Make a note now to get Ely's Cream Balm if you are troubled with nasal catarrh, hay fever or cold in the head. It is purifying and soothing to the sensitive membranes that line the air-passages. It is made to cure the disease, not to fool the patient by a short, deceptive relief. There is no cocaine nor mercury in it. Do not be talked into taking a substitute for Ely's Cream Balm. All druggists sell it. Price 50c. Mailed by Ely Bros. 56 Warren Street, New York.

FOR OVER SIXTY YEARS

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.
